# Jesus Storybook Bible Lessons

**Coming Soon:** One-page lessons for each of the 44 stories in this delightful children's Bible – perfect for children's church, home devotions, preschool classes, anywhere little ones gather.

This Bible is offered through many retailers, in standard size and big-book size. Supplementary DVDs and a Coloring Book are also available for purchase.

"We use this Bible in its Big Book format with our little ones in Children's Church (pre-K through grade 2). We also use the DVDs that can be played for each story AND the Coloring Book. Lessons are easy to follow - an introduction, read the Bible story (or use DVD), then discussion and simple activity. Each lesson fits a 15-30 minute time frame. We've purchased the Bibles by the case so families can have one for home reading."
